

DATE: March 21, 2023
SUBJECT: Letter of Clarification 2
RE: Montrose Bridges Decorative Lighting RFQ
TO: All Prospective Respondents

Houston First Corporation (“HFC”) issues this Letter of Clarification 2 regarding the referenced Montrose Bridges Decorative Lighting RFQ to make certain clarifications to HFC’s expectations regarding teams in the manner set forth below:

CLARIFICATIONS

- At this stage of the selection process, HFC is asking for qualifications only. As noted in the RFQ, after reviewing each Statement of Qualification, up to five teams will be selected to prepare and participate in a preliminary design concepts (up to 3 concepts) presentation for final selection.
- Preliminary design concepts will be requested from top-ranked teams as part of the second stage of the process. HFC is not requesting a complete schematic design set.
- HFC expects that teams will consist of firms/persons able to provide expertise and add value to the Statement of Qualification, such as an electrical engineer, lighting designer, and system integrator. HFC is not requesting a general contractor/installer, and the project is not a design build.

Letters of Clarification become a part of the RFQ automatically upon issuance and supersede any previous specifications and/or provisions in conflict therewith. By submitting their SOQ, Respondents are deemed to have received all Letters of Clarification and to have incorporated them into their submittal.
